Family Bingo

Set Up + How to Play

#1 Pick some kind of object to mark your squares. Examples: beans, pennies, smarties, wrapped candy, cereal, or any other small items

#2 Give each player a bingo card and markers. Have each player put a marker over their free space.

#3. Call out items from the list below. Each player will cover that item on their card with a marker. Once a player has 5 squares covered, in a row, horizontally, vertically, or diagonally, they call out bingo and win the game.

For the Caller:

You may play this game two different ways.

#1. You may call out the name of the item {ie house} OR

#2. You may call out any letter from the alphabet. There is a picture for each letter of the alphabet on all the cards {except the letter v and q}. Have each player mark the picture that start with that letter.

Caller List

{call these items or for a challenge call only the first letter of the item and have the players identify the picture}
